Made in Barausse

Dal 1967 Barausse è specializzata nella produzione di **porte per interni**, 100% progettate e realizzate in **Italia**. Barausse sviluppa e propone soluzioni d'arredo funzionali alla separazione degli spazi, di **alto prestigio** e **valore estetico**, per creare ambienti dove vivere sia un'esperienza emozionante e confortevole. Forte di numerose **certificazioni** per porte resistenti al fuoco, della progettazione di prodotti **custom**, e la trentennale esperienza nel settore **contract**, Barausse opera nel mondo nella realizzazione di Hotel di lusso, strutture pubbliche, costruzioni residenziali e ville private.

Since 1967, Barausse has specialized in the production of interior doors which are 100% designed and manufactured in Italy. Barausse develops and offers furnishing solutions for the purpose of creating a separate space which is both functional and prestigious with a high esthetical value. The result is both a beautiful and comfortable place to live. Thanks to multiple certifications of our fire rated doors, the ability to design bespoke products and our over thirty years of experience in the contract field, Barausse is able to provide worldwide a high quality product for luxury hotels, for public buildings, high end residential and private homes.

Depuis 1967 Barausse est spécialisée dans la production de portes d'intérieur, 100% dessinées et réalisées en Italie. Barausse développe et propose des solutions fonctionnelles à la séparation des pièces, de grand prestige et valeur esthétique, pour créer des environnements où vivre une expérience excitante et confortable. Fort de nombreuses certifications pour portes résistantes au feu, de la conception de produits customisés et de l'expérience trentenaire dans le secteur contract, Barausse opère au niveau mondial dans la réalisation d'hôtels de luxe, structures publiques, constructions résidentielles et villas privées.

Desde 1967 Barausse es especialista en la producción de puertas para el interior, 100% diseñadas y hechas en Italia. Barausse desarrolla y propone soluciones funcionales para la separación de los espacios, de alto prestigio y valor estético, para crear lugares donde vivir sea una experiencia emocionante y confortable. De acuerdo con numerosas certificaciones de puertas resistentes al fuego, con la proyectación de productos a la medida, y con sus treinta años de experiencia en el sector contract, Barausse trabaja en todo el mundo desarrollando hoteles de lujo, estructuras públicas, construcciones residenciales y villas privadas.

С 1967 года Barausse специализируется в области производства дверей 100% спроектированных и реализованных в Италии. Barausse создает и предлагает функциональные интерьерные решения для разделения пространства, престижные и высоко эстетичные. Barausse обладает большое количество сертификатов на противопожарные двери, производит двери по индивидуальным проектам и имеет тридцатилетний опыт работы в сегменте больших проектов. Именно поэтому Barausse работает успешно над созданием интерьеров в гостиницах класса люкс, общественных зданиях, жилых комплексах и частных виллах.

High Standards

Macchinari altamente automatizzati consentono precisione nella realizzazione dei prodotti e puntuale monitoraggio del processo. All'interno di ogni porta viene inserita un RFID per il tracciamento e la rilevazione automatica dei dati di produzione.

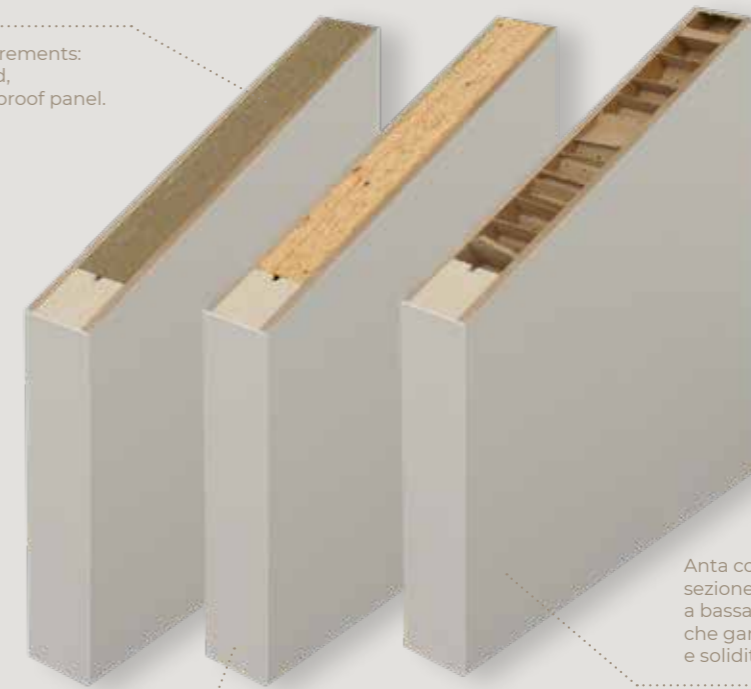

Highly automated machines allow us to obtain high precision during production and careful monitoring of all processes. An RFID tag is inserted into each door to ensure traceability and permit production data to be read automatically.

Des machines hautement automatisées sont gage de précision dans la réalisation des produits et de monitoring précis du processus. Un RFID est ajouté à chaque porte pour tracer et relever automatiquement les données de production.

Riempitivo personalizzabile a seconda delle necessità: alveolare, truciolare forato, pannelli fonoisolanti o termoisolanti.

Custom filling based on the requirements: honeycomb, perforated chipboard, thermoinsulating panel or soundproof panel.

Anta con struttura di abete di ampia sezione e rivestimento in HDF da 6 mm a bassa emissione di formaldeide che garantisce stabilità, resistenza all'urto e solidità.

Leaf with a wide-section of fir perimetric structure and a 6 mm HDF covering which ensure stability, impact resistance and solidity.

I bordi dell'anta sono abbinati alle "facce" per un elegante effetto di continuità. In particolare, la bordatura inferiore protegge l'anta dall'assorbimento di umidità da pavimenti umidi.

Leaf edges are coordinated with the leaf surface to give an elegant effect of continuity. In particular, the lower edge protects leaf from absorption of floor humidity.

Nuestra maquinaria altamente automatizada permite la precisión en la fabricación de nuestros productos y una monitorización precisa del proceso. En el interior de cada puerta se introduce una etiqueta RFID para realizar un seguimiento y registro automático de los datos de fabricación.

Высокоавтоматизированное оборудование обеспечивает точность при изготовлении изделий и тщательный мониторинг процесса. В каждую дверь устанавливается РЧ-идентификатор для отслеживания и автоматического считывания производственных данных.

Green

Tutte le linee di prodotto sono realizzate rispettando parametri di qualità e certificazioni specifiche per il rispetto dell'ambiente e della salute. Le nostre porte sono realizzate con pannelli a bassa emissione di formaldeide, conformi alla normativa CARB2/TSCA cat.6. Legni e decorativi sono privi di sostanze tossiche, le laccature sono finite con vernici all'acqua, e gli incollaggi avvengono solo con colle viniliche senza emissione di formaldeide.

ISO 14001

Sistema gestione ambientale
Environmental management

ISO 9001

Certificazione processo
Management quality

All our product lines are made in compliance with quality parameters and specific environmental protection and health safety certifications. Doors are an element present in every room of the house, which is why we seek materials that respect health. All our doors are made of low formaldehyde emission panels, compliant with the CARB2 / TSCA cat.6 standard. Decorative elements are free of toxic substances, lacquers are finished with water-based paints, and gluing takes place only with vinyl glues without formaldehyde emission.

Toutes les lignes de produits sont réalisées en respectant des paramètres de qualité et des certifications spécifiques de respect de l'environnement et de la santé. Les portes sont un élément que l'on retrouve dans chaque pièce de la maison, c'est pourquoi nous menons sans cesse des activités de recherche de matériaux respectueux de la santé. Toutes nos portes sont fabriquées avec des panneaux à faible émission de formaldéhyde, conformes à la norme CARB2 / TSCA catégorie 6. Les éléments décoratifs sont exempts de substances toxiques, les laques sont finies avec des peintures à l'eau et le collage se fait uniquement avec des colles vinyliques sans émission de formaldéhyde.

Todas las líneas de productos se fabrican respetando los parámetros de calidad y las certificaciones específicas para el respeto del medio ambiente y la salud. Las puertas son un elemento presente en todas los cuartos de la casa, por eso estamos en constante búsqueda de materiales respetuosos con la salud. Todas nuestras puertas están fabricadas con paneles de baja emisión de formaldehído, cumpliendo con la norma CARB2 / TSCA cat.6. Las decoraciones están libres de sustancias tóxicas, las lacas tienen un acabado con pinturas al agua y el pegado se realiza únicamente con colas vinílicas sin emisión de formaldehído.

Все линейки продукции изготавливаются с соблюдением параметров качества и сертификаций по охране окружающей среды и здоровья. Двери - это элемент, присутствующий в каждой комнате дома, поэтому мы стремимся использовать материалы, не представляющие угрозы для здоровья. Все наши двери изготовлены из панелей с низким уровнем выделения формальдегида, соответствующих стандарту CARB2 / TSCA cat.6. Декоры не содержат токсичных веществ, лакированные поверхности обрабатываются вододисперсионными лаками, а для склеивания применяются только не выделяющие формальдегид виниловые клеи.

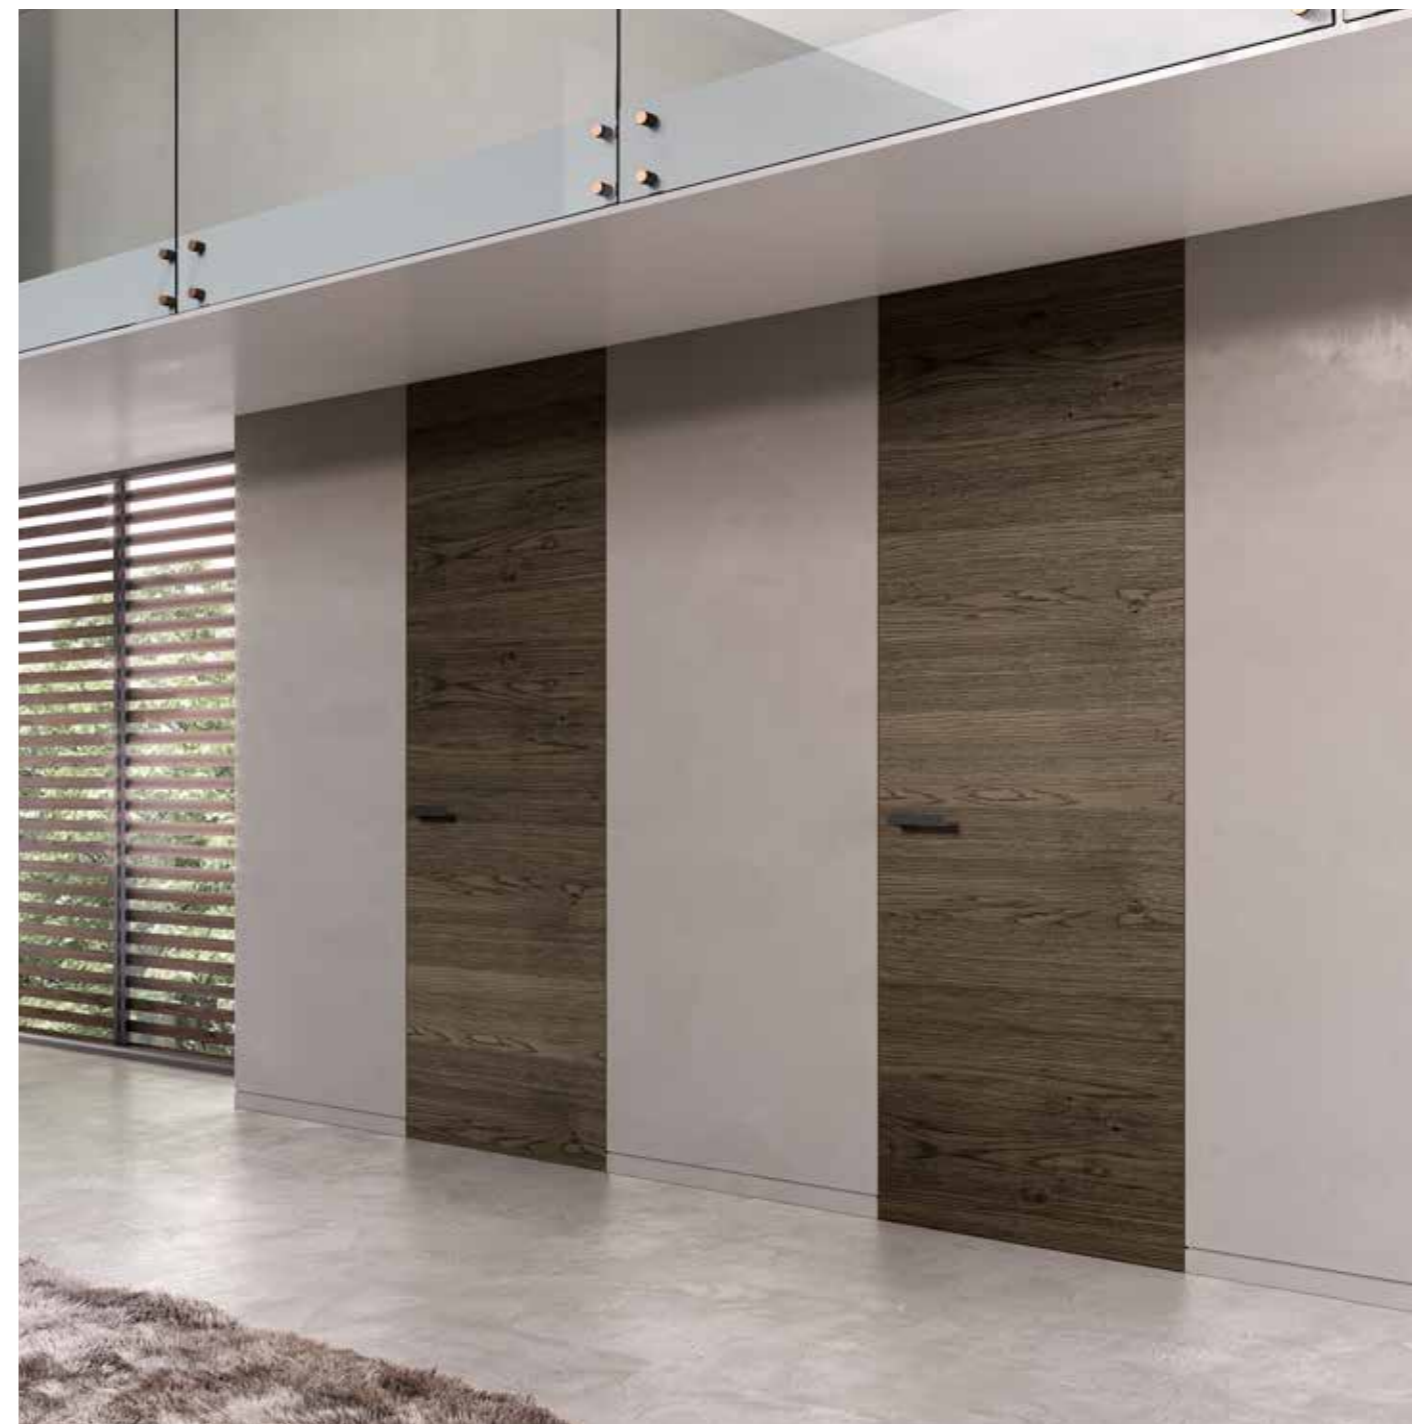

SECRET

SECRET è la linea di porte filomuro che garantisce modernità e personalizzazione in ogni ambiente. Il telaio invisibile e l'anta realizzabile in infinite tonalità laccate, essenze legnose e finiture materiche, sono pensati appositamente per adattarsi a qualsiasi spazio. Una porta dal minimo impatto estetico disponibile anche nella versione YOU tinteggiabile, abbinata al battiscopa filomuro, o nella versione resistente al fuoco e fonoisolante.

SECRET is the flush door collection that allows customization and guarantees modernity in every environment. Its innovative frame and the customizable leaf, available in unlimited finishes, shades and wood veneers, are specifically designed to adapt perfectly to all spaces. A door with minimal design available also in the YOU paintable version, combined with the flush wall skirting board, or in the fire-rated and sound-insulating version.

SECRET est la gamme de portes affleurantes qui garantit modernité et personnalisation dans tous les environnements. Le cadre invisible en aluminium et le vantail disponible dans différentes finitions lacquées, une gamme infinie des nuances et essences de bois, sont conçus spécifiquement pour s'adapter parfaitement à tous les espaces. Une porte à l'impact esthétique minimal éalisée également dans la version YOU à peindre, combinée à la plinthe ras du mur, ou en en version coupe-feu et insonorisante.

SECRET es una línea de puertas a ras de pared que garantiza modernidad y personalización en cada ambiente. El marco innovador y la hoja realizable en varios materiales y acabados son pensadas especialmente para adaptarse perfectamente a tus espacios. Una puerta que también está disponible en versión pintable YOU, en combinación con el zócalo a ras de pared o en versión resistente al fuego y acústica.

SECRET – это серия скрытых дверей, гарантирующих современный вид и индивидуальность в любой обстановке. Инновационные короб и полотно, представленное в различных материалах отделки, оттенках и видах древесины, специально разработаны, чтобы идеально соответствовать вашему пространству. Дверь с минимальным эстетическим воздействием также предлагается в отделке YOU под покраску, в сочетании со скрытым плинтусом, в раздвижной версии или в версии с повышенной огнестойкостью и звукоизоляцией.

L'unicità del prodotto corrisponde a progetti dedicati, e prodotti indossabili. La porta diventa un'opportunità di personalizzare lo spazio, per renderlo coerente con l'ambiente circostante.

The uniqueness of the product corresponds to dedicated projects and wearable products. The door becomes an opportunity to customize the space, to make it consistent with the surrounding environment.

L'unicité du produit correspond à des projets dédiés et des produits portables. La porte devient l'occasion de personnaliser l'espace, de le rendre cohérent avec l'environnement qui l'entoure.

La singularidad del producto corresponde a proyectos dedicados y productos portátiles. La puerta se convierte en una oportunidad para personalizar el espacio, para hacerlo coherente con el entorno.

Уникальность товара соответствует выделенным проектам и выполненным на заказ. Дверь становится возможностью персонализировать пространство, чтобы оно соответствовало окружающей среде.

SECRET YOU

YOU rappresenta la soluzione per realizzare porte capaci di accogliere decorazioni o rilievi customizzabili. Abbiamo elevato la percezione di un oggetto funzionale che nasconde e svela simultaneamente, e il cui criterio progettuale si ispira al principio dell'organicità.

YOU is the right solution to make large doors that can hold decorations or customizable relief patterns. We have raised the perception of a functional object that hides and reveals simultaneously, and the design criteria was inspired by the principle of cohesiveness.

La soluzione YOU rappresenta la base per la massima personalizzazione dell'ambiente agevolando l'applicazione di carte da parati, finiture murali, vetri e specchi.

The YOU solution represents the basis for maximum personalization of the environment, facilitating the application of wallpapers, wall finishes, glass and mirrors.

La solution YOU représente la base d'une personnalisation maximale de l'environnement, facilitant l'application de papiers peints, de finitions murales, de verre et de miroirs.

La solución YOU representa la base para la máxima personalización del entorno, facilitando la aplicación de papel pintado, acabados de pared, cristales y espejos.

Решение YOU является основой для максимальной настройки среды, облегчая применение обоев, отделок стен, стекла и зеркал.

In linea con la filosofia Barausse, tutte le porte filomuro SECRET vengono fornite con le migliori cerniere invisibili disponibili sul mercato per la massima affidabilità.

In line with the Barausse philosophy, all SECRET flush doors are supplied with the best invisible hinges available on the market for maximum reliability.

Conformément à la philosophie Barausse, toutes les portes affleurantes SECRET sont fournies avec les meilleures charnières invisibles disponibles sur le marché pour une fiabilité maximale.

Siguiendo la filosofía de Barausse, todas las puertas invisibles SECRET se suministran con las mejores bisagras invisibles disponibles en el mercado para una máxima fiabilidad.

В соответствии с философией Barausse, все двери заподлицо SECRET поставляются с лучшими невидимыми петлями, доступными на рынке для максимальной надежности.

Venature spazzolate e verniciate con cura per esaltare al massimo ogni dettaglio della pregiata essenza: le porte in legno della collezione Nature Barausse sono concepite per arredare e dividere gli spazi con il pregio del legno e il fascino delle sue irregolarità, in equilibrio tra classico e contemporaneo.

Carefully brushed and varnished veins to highlight every detail of the prestigious veneer: the wood doors of Nature Barausse collection are conceived to furnish and divide spaces with quality wood and the charm of its irregularities, in balance between classic and contemporary.

Des veines brossées et soigneusement vernies pour maximiser chaque détail de l'essence précieuse: les portes en bois de la collection Barausse Nature sont conçues pour meubler et diviser les espaces avec la valeur du bois et le charme de ses irrégularités, dans un équilibre entre classique et contemporain.

Grano de madera cepillado y acabado con barniz especial para exaltar al máximo cada detalle de la chapa preciosa: las puertas de madera de la colección Nature Barausse son concebidas para decorar y dividir los espacios con el calor de madera y el encanto de sus irregularidades, en equilibrio entre el estilo clásico y el estilo contemporáneo.

Обработанные щеткой и тщательно покрытые лаком прожилки, чтобы максимально подчеркнуть каждую деталь драгоценной сущности: деревянные двери коллекции Barausse Nature созданы, чтобы отделить и разделить пространство ценностью дерева и очарованием его неровностей в балансе между классикой и современностью.
